PUBLIC ART SUMMARY OVERVIEW

- **30+ Years of Exhibitions and Public Art Experience:** Interdisciplinary artist, curator, and tenured professor with a national and international record of creating simultaneously crowd-pleasing and conceptually rich site-specific artworks for civic, cultural, healthcare, airport, campus, and park environments
- **200+ art installations** developed, budgeted, and delivered, from gallery and museum exhibitions to complex multi-site projects involving crane lifts and coordinated logistics
- **Licensed and registered single-member LLC** with $4 million of insurance coverage
- **ANSI/OSHA safety certified** in Mobile Elevating Work Platform (MEWP) boom lift and scissor lift operation

Selected Public Art Commissions:

- **Snow College, UT (2026–2027):** A $164,000 building-wide visual system of site-specific murals and integrated architectural terrazzo for the new Social Sciences building, reflecting the landscape, geology, and spatial dynamics of the Sanpete Valley
- **North Carolina Civic Building (2026–2027):** $160,000 suite of architecturally integrated metal wall reliefs and murals. Under confidentiality agreement, details forthcoming
- **Reno–Tahoe International Airport (2026):** A $200,000 commission featuring an architecturally integrated 1,100 sq. ft. terrazzo installation and five GFRC (glass fiber reinforced concrete) plaza inlays designed to strengthen wayfinding, community gathering, and local identity
- **City of Lancaster, CA (2026):** A $31,000 commission featuring a 2,800 sq. ft. crosswalk mural commission spanning four pedestrian crossings in The BLVD Cultural District, using a Lancaster-specific High Desert palette and retained white crosswalk geometry to strengthen visibility, safety, walkability, and downtown identity
- **Greenville–Spartanburg International Airport (2025):** A $100,000 suite of three architectural terrazzo floor medallions delivered on a fast-track schedule in under five months, establishing critical wayfinding anchors in a high-traffic terminal. Nominated for both a 2026 *National Terrazzo & Mosaic Association Honor Award* and an *Associated Builders and Contractors Excellence in Construction Award*
- ***Pollinate*, MIT/Harvard HUBweek Festival, Boston City Hall Plaza (2017):** Commissioned curatorial civic installation drawing 50,000+ visitors, with extensive television, radio, online, and print coverage, including front-page Sunday *Boston Globe* coverage and a WHDH-TV/NBC interview. Named "one of the most Instagrammable spots in Boston" the week it debuted

National & International Recognition: Recipient of the Westword newspaper's *Best of Denver* award and Saatchi Art's *Critic's Choice* Award. Museum installations in Atlanta and Denver; gallery exhibitions spanning New York City, Los Angeles, Miami, Paris, Berlin, Stockholm, Hong Kong; and a citywide seven-part public installation integrated throughout the medieval village of Lacoste, France

Studio Methodology: Projects begin with an AEIOU framework, analyzing each site's Activities, Environments, Interactions, Objects, and Users. This process translates site research into a working grid of Site Behavior, Observed Conditions, Design Response, and Artistic Outcome to guide durable, visually engaging public artworks developed in tandem with community members, architects, engineers, fabricators, installers, and general contractors

Core Capabilities: Murals | Architectural terrazzo | ACM/aluminum panel systems | Exterior screening & cladding | Mosaic & tiling systems | Crosswalk murals and asphalt art | GFRC (glass fiber reinforced concrete) | Powder-coated metals | High-traffic civic, campus, healthcare, airport & park environments | Fast-track delivery | Budget-aware fabrication coordination | Installation logistics | Community & stakeholder engagement | Collaborative project delivery

EDUCATION & TRAINING

- **PhD: Philosophy (Aesthetics)** | IDSVA, Portland, ME, 2018
- **MFA: Painting** | Pratt Institute, New York, NY, 2000
- **BFA: Painting & Drawing** | Rocky Mountain College of Art + Design, Denver, CO, 1998
- **Certificate: Design Thinking & Innovation** | Harvard Business School Online, Cambridge, MA, 2025
- **Certification: ANSI/OSHA Mobile Elevating Work Platform (MEWP) Operator (Boom and Scissor Lifts)** | Sunbelt Rentals: Safety Training Academy | Jacksonville, FL, 2026
- **Certificate: Complex Physical & Social Systems** and **Network Modeling** | New England Complex Systems Institute, Cambridge, MA, 2014
